Assistance Ministry

***Unlocking the door to
financial responsibility!***

Vision

We realize that all individuals and families are on a financial journey. We have teams prepared to support persons with financial issues as they live or move towards a debt-free lifestyle.

Support

Our Deacon Teams are available to provide counsel and assistance in financial stewardship.

To facilitate this process, they have created a confidential, non-critical environment in which families may work toward the goal of financial health, following biblical principles.

A large component of this help is offered through budget counseling, which can be long or short term, to meet a particular family's need.

A deacon will meet regularly with the person or couple to design and review a budget, and to pray about financial concerns.

This approach also employs debt-reduction guidelines.

Other Areas of Ministry

- Help with unexpected medical bills
- Support of single-parent needs

The deacons desire to provide a prayer-filled atmosphere where families may allow God's light to shine on their finances. They believe that when God's people use his principles to govern their spending and giving, they will experience his abundant blessings.

Financial Ministries

Limited financial assistance is available to those who have been regular attenders of Petra. An application is completed and a team will review and interview each individual to assess the situation and make decisions regarding the request. For more information, please contact your regional deacon.

Financial Peace University

This course is offered several times a year and is strongly encouraged for every person interested in being a better manager of God's resources. This is a 13-session DVD course with small group discussion and personalized support. Please check the Small Group Directory for the next showing, or contact the Small Group Team.
